SUBJECT : P-11 Tasks

SUSPENCE DATE : Thursday, 21 January 1965

It is possible that we may soon be responsible for proposing P-11 payloads. Would you please let me know by Thursday the various targets where you think the P-11 might be of assistance. For example, what Quality ELINT items are we now doing with aircraft that might be done better or could be done as well by P-11? I am interested in both positive and negative replies. Don't bother to be exhaustive just so long as we have a general idea of how useful this might be.
